

PEREK MISHNA

You now have the opportunity to participate in a unique, groundbreaking Chaburah that will be completing B'Ezras HaShem all of Shisha Sidrei Mishna every day, and will allow you to complete it yourself after 525 days. This can be accomplished in 10-15 minutes daily by the study of one Perek Mishnayos.

The program works as follows: On Day 1, each of (at least) 525 participants worldwide will IYH begin by learning their assigned Perek, which collectively consists of the entire Mishnayos. On Day 2, each participant will move on to the next Perek, crossing over to the next Masechta or Seder where necessary, for example; with the last Perek in Uktzin recycling back to the first Perek in Berachos, and so on. Thereby, all of Mishnayos will be studied by the first Chaburah and subsequent Chaburos jointly, every single day, and each person individually will be able to finish all Mishnayos himself after 525 days. During that time, each participant will also be Mesayem each Seder Mishnayos on their own, and will easily be able to sign up for Mishnayos at a Beis Aveil from a choice of several Mesechtaos.

Imagine the Zechus of participating in the completion of Shisha Sidrei Mishna every day, and each participant may learn his portion himself, share/split it with a Chavrusa, or with a group, or with one's son or father, and with the Kavanah that it be a Zechus for, or L'Iluy Nishmas of whom-ever they choose.

If you wish to sign up for this landmark undertaking and be a part of the first Chaburah from Day 1 please go to www.perekmishna.com and click on "Get Your Perek", and your first assigned starting Perek Mishnayos will be returned to you immediately.
